SOUTHEAST WELDING ACADEMY

Who We Are

Delmus Nelson, Owner and Administrator of Southeast Welding Academy is dedicated to providing the training needed for successful completion of welding training courses and welder certification.

Our Mission

The mission of the Southeast Welding Academy is to offer quality education in an effort to produce "World Class Welders". The Southeast Welding Academy will train students with skills, knowledge and workplace attitudes essential to enter the workforce as dedicated and competent employees.

Southeast Welding Academy pledges to partner with like-minded Washington Metropolitan Area Institutions, businesses and individuals, to assure that graduates excel in professional performance and ultimately become reliable employees and business owners who can achieve world-class levels of performance.

What We Do

We provide Certified Instructors to teach in our classroom as well as our welding lab, ensuring that our students experience the book knowledge as well as the hands-on skills of welding.

Training Courses Include:

Basic Shielded Metal Arc Welding
Basic Pipe Welding
Oxy-Fuel Plasma
Metal Arc Welding
Tungsten Arc Welding
Advanced Shielded Welding

Instructional Pipefitting Course - 640 hours

**D.O.E.S. will pay for the Instructional Pipefitting Course for
DC Residents Only**

*****MUST MEET ELIGIBILITY REQUIREMENTS*****

Are you already a Welder and need to be re-certified:

ASME Certification \$685

AWS Certification \$550

(Plus cost of training, if needed)

Call and find out about our easy
payment methods!!

"If you stay, you will be successful"

Our Promise

No student will be left behind.....

Our Aim

To make sure each student is trained with the ability to perform all various phases of welding and to ensure each student will become AWS or ASME Certified

Our Goal

- ◆ To recruit and ensure 5% of program population is represented by Ward 8 residents.
- ◆ To graduate 100% of the students enrolled in the Academy programs.
- ◆ To assist in employment of graduates within 90 days of program completion.
- ◆ To ensure the graduates complete and pass the certification examination for welding.
- ◆ To partner with community-based organizations, local and state governments, non-profits and private sector to promote opportunities for welding education and training.
